**PRESIDENT’S REPORT**

More growing pains. Like a grown dog that still thinks it is a lap dog from its puppy days, GBW no longer fits on anyone’s lap. The Executive Committee has recently decided to change the fixed membership year with a universal renewal date of July 1st to a rolling membership year with a renewal date 12 months after joining. Under the old system, having to process approximately 900 memberships at once became a summer nightmare for both the Membership Chairman and the Treasurer. The prospect of processing only 100 a month is considerably more palatable. Of course the majority of the renewals will still fall in the summer months for some time, but eventually the workload should distribute more equitably across the year and become more manageable.

Another disadvantage of the old system was the difficulty of trying to send the year’s back publications to members joining midway in the year. With GBW’s decentralized office spread over so many states—the Secretary in Texas, the Treasurer in Colorado, the Membership Chair in Michigan, and the inventory in Indiana—it was extremely difficult to coordinate and keep track of those details. It has been a constant frustration for all concerned. With the new system, members will start receiving the publications once they have joined. Any back issues that they (or anyone else) want will be handled the usual way, by placing an order with the Treasurer, who will then have the item sent directly from the inventory.

For the most part, members should not notice any change with the new system. They will be sent a renewal notice prior to the expiration of their membership, and a receipt afterward (often by e-mail). The Membership Directory will include all current members as of September 1st, the election ballot will be sent to all current members as of June 1st, and the Newsletter and other publications will be sent to all current members as of the date of mailing. What makes all of this possible, of course, is the modern computer programs that can sort and produce current lists at the drop of a hat.

Turning to other matters, more progress has been made on the Bylaws review. As the Guild was incorporated as a nonprofit corporation in New York State in 1978, it is mandatory that its Bylaws comply with the various relevant New York State statutes, which are notoriously idiosyncratic. After several unsuccessful attempts to find New York lawyers to advise us, it was suggested that we get in touch with VLANY, the Volunteer Lawyers for the Arts in New York. Three of us finally met with them the first part of January and had a very successful meeting. They were able to answer immediately a number of questions that we had been debating and wondering about for some time, and had some suggestions for subjects that we had not thought about at all. They also recommended that they try to find us a pro-bono lawyer, a service that they provide to many large law firms, who could help us with such matters. They think that the occasional legal check-up for organizations such as ours is well worthwhile; just to make sure that everything is in order. We couldn’t agree more heartily, and hope that it all works out that way. In the file on GBW that we left with them there was a copy of both the In Flight exhibition, and the New England Vignettes exhibition, which they loved!

Meanwhile, more pieces of the ’06 Centennial puzzle have fallen into place. A contract has been signed with the Spirit of New York, the dinner cruise ship that will provide the centennial birthday bash on the Saturday night following the symposium. In November, three of us visited the ship and were quite pleasantly surprised. It can seat several hundred on its main dining room deck, but then has a mezzanine type of a balcony that can accommodate a hundred or so more. So it has ample space. It also has a bar and a dance floor on the deck below that would serve well for cocktails. And there are outside decks on every level to step out and enjoy the view. In December, Nancy Lev-Alexander, Mary Schlosser and Susan Martin went on a trial dinner cruise, gratis. The boat was attractively done up, white table cloths et al, the buffet-style food was quite acceptable, and the view—when they stepped out and were right beside the Statue of Liberty—was definitely memorable. It could only be better (definitely warmer) in October. It all sounds like great fun.

At the other end of the conference, the Grolier Club has agreed to allow us to hold a tea opening reception to view the exhibition on the Thursday afternoon before the symposium begins. Initially we had hoped to have a cocktail opening reception as has been so successful at the recent Standards Seminars, but our anticipated numbers (300-400) were a problem for the Club’s fire law limit of 250. To comply with their limits, the viewing will have to be in staggered time slots throughout the latter part of the afternoon. Given the alternatives, however, everyone seems pleased with this solution. An old-fashioned
afternoon tea and viewing seems altogether appropriate for the centennial exhibition, the Guild of Book Workers, and the Grolier Club.

Both events—the opening tea reception and the dinner cruise—plus the breaks and lunches during the symposium will be included in the registration fee, which at this point has a guesstimate of the $300 range. First we suggested that you start saving your pennies, then your nickels and dimes, and now your dollars. We still think that it is a bargain.

Looking beyond the ’06 Centennial, the Executive Committee at its recent meeting accepted the Lone Star Chapter’s offer to host a Standards Seminar in Texas in ’07, and then approved an offer from CBBAG, the Canadian Bookbinders and Book Artists Guild, to stage a joint conference (a la a Standards Seminar) in Toronto in the fall of ’08. Both sound like an enthusiastic way to start the Guild’s second century.

Betsy Palmer Eldridge  
President, GBW

On the front cover of this issue of the GBW Newsletter you can see the results of the poll taken at this year’s Standards seminar. Out of the 20 entries submitted for the contest (plus our current logo and the original logo), Guild members at the Providence Standards had a chance to see the logos and vote on their top three. From those votes, the top six were chosen to be featured as possibilities for our new logo. The other 16 logos can be seen directly following this article.

Before you despair and think to yourself: “How could anyone have picked THAT one!” remember that the entire membership will have a vote. In June, along with the Executive Committee election ballot, there will be a ballot for the logo contest. All GBW members will be able to vote on their top two choices for our new logo. The Executive Committee will then review the top vote getter(s) and make the final decision on the logo we will adopt for our next fifty years. The winner will be announced this coming summer and an official “unveiling” ceremony will take place at the 2005 Standards in Portland, Oregon.

A short history of the GBW logo:

The Guild has had two logos so far in its almost 100-year history. For the first 50 years or so a very ornate logo, featuring a book flanked by a type holder and a quill with our organization’s name in Roman capitals, served us well. This logo, called a seal by our earliest members, first appeared in the Guild’s first year book, accompanied by the following explanation: “Fourteen numbered designs were received in competition for the Guild seal. Number 12 received 32 out of 38 votes. The design is used in this book and will appear on the stationery of the Guild.” Frank Tolles Chamberlain designed the winning logo. He is listed in an early membership directory as a “Designer of Book Covers” and “Designer of Book Plates.” In 1936, Mr. Chamberlain was given an Honorary Life Membership. He was both a charter member of the Guild and a long-standing member of the Guild’s Executive Committee.

In the late 1950s, the Guild decided it was time for a new seal (although this time it was called an insignia) to reflect our growing organization and the changing times. This is the logo we are all familiar with and like so much. Drawing inspiration from the original with the outline of a book, the name

was updated with a clean, calligraphic look. The open book welcomed all aspects of the book arts as our organization expanded to adopt not just binders but calligraphers, printers, marblers and the nascent artists’ book movement. This logo was also chosen through a contest, held in 1959, and was conducted by Paul Banks, who then held the position of Publicity Chair. Even though a $25 award was being offered, only five entries were received. The winner was Miss Anita Walker, a Guild member from New York City. Unfortunately, we don’t know any more about Miss Walker.

Now as we enter our second 100 years and we are firmly planted in a new century, it is time to look at our logo again. Although we are all comfortable with the logo we currently have, will it still serve us as it should for the next 50 years? Should we choose a design that reflects both our tradition and the changes in our craft? As you look at the designs submitted for the logo contest, keep an open mind and think of the next generation of Guild members. What design will they want to represent our organization and all the traditions of the book arts?

Thanks go to Barbara Kretzmann, Guild Archivist, for researching the information about the Guild logo. Barbara says that only some of the five designs from the 1959 contest are in the archives. All of the current entries will be added to the archives, along with details about the contest and the final winner. In 50 years, when future Guild members are holding the fourth logo contest, they will be able to easily research the logo’s history because of Barbara’s adept organization of the archives. If you have any pieces of Guild history, please contact Barbara Kretzmann so we can help document our illustrious history.

ELECTIONS 2005

A Call for Nominations

The annual GBW elections will take place in June. This year the following positions are up for election: Vice President, Secretary, Treasurer, Membership Chair, Journal Editor, and Supply Chair.

These incumbents have agreed to run for the 2005-2007 term:

Secretary—Catherine Burkhard
Treasurer—Alicia Bailey
Membership Chair—Cris Clair Takacs

We are asking for suggestions for the following positions:

Vice President: (Mark Andersson not seeking re-election)
Journal Editor: (Signa Houghteling not seeking re-election)
Supply Chair: (Susan B. Martin not seeking re-election)

Nominations may be made for any position up for election. Please contact Priscilla Spitler, chair of the nominating committee, with your suggestions, comments, or questions at 512-237-5960 or by e-mail at prispit@totalaccess.net.

Library Update

New materials in the GBW Library available to members include the first three home study courses produced by the Canadian Bookbinder and Book Artists Guild.

Each of the Bookbinding I, II, and III course packages consist of 6 videos and supporting materials. Bookbinding II has a special segment on endpapers and Bookbinding III has a special segment on leather. For a complete description of the course contents see the CBBAG website:

Members may borrow any (one at a time) of these home study course packages for one month by submitting a written request and two checks: One $20.00 check for shipping and one deposit check for $260, which will be returned after the materials are returned. These items cannot be sent to members outside the U.S.

Also available from the library are all the presentations from Providence Standards and the Foundation session. These six videos may be borrowed according to the normal library video loan guidelines. Members can borrow a video tape for one month with a written request to Jane Meggers, GBW Library/State Historical Society of Iowa/402 Iowa Ave/Iowa City IA 52240, and two checks: one for $5 per video for shipping, and one for $20 per video for a refundable deposit. See the complete library loan policy on the web at:

These videos are also available for sale. The order form for purchasing these videos is at:

Washi, Japanese handmade paper, can be found in nearly every book and paper conservation studio. Many bookbinders and artists are also familiar with Japanese paper, but few are fortunate enough to have the chance to travel to Japan to witness the papermaking process firsthand, and to meet the actual people behind the paper and tools.

A recent article entitled “Papermakers in Japan: Changes After Twenty Years” by Betty Fiske with Hiromi Katayama appeared in Hand Papermaking Volume 19, No. 2, Winter 2004, pp 2–10. Rather than reprinting the entirety of the excellent Hand Papermaking article, the following photos are meant to supplement information found in the Fiske/Katayama report, and to serve as an introduction to the people behind the paper and tools.

Hiromi Paper Int. has announced that because of the intense interest generated by the first tour, “Washi Tour 2005” will again be led by Hiromi Katayama. The tour, which includes visits to several traditional Japanese papermaking villages, will run from March 12 to March 19, 2005. More information about the 2004 Hiromi tour can be found in a report by Susan Sayre Batton in the Hiromi Newsletter, World of Washi, Summer 2004, Vol. 6, No. 4.

Yasuichi Kubota (below) and his son Akira (left) carry on the tradition of sekishu papermaking, an Important Intangible Cultural Property. Drying paper on wood boards is the gentlest way to dry sheets, causing less internal stress, but taking more time to produce.
Takenobu Tanino, designated a National Living Treasure papermaker, makes opaque, clay loaded papers from local, colored clays at his studio.

The papermaker is seated at his paper vat with clay slurry in an adjacent small vat that can be ladled in as needed. He doesn't use an overhead bamboo support system, but has a mold with removable deckle and two su. While one drains, the other can be dipped.

The paper is very delicate when wet, so drying requires a highly skilled craftsperson. An unusual step in the board drying is burnishing through a cloth to make the paper denser.

Akira Abe stands in front of a photograph of his father, National Treasure Eishiro Abe (who opened a papermaking museum in 1983, close to the papermaking shop). The family continues to produce folk art style papers today using traditional natural dyes and chemical dyes.

The best hand papermaking doesn't happen without immense amounts of fiber preparation by the often unsung craftswomen who scrape the steamed and peeled kozo bark to remove the black and green bark layers.
Satoshi and Kiyoko Hasegawa, are a dynamic team of papermakers, trained by Mr. Furuta in Mino. Though young, they make the highest quality Mino papers from locally grown kozo. Their papers are used in the Kyoto mounting studios for the remounting of works of art. Satoshi is straining tororo aoi, a mucilaginous formation aid that keeps the fibers distributed in the vat and slows drainage so the layers of fiber can be built up on the su through multiple dippings in the vat.

A flexible su (screen), supported on a wooden keta (mould), is used to dip the paper slurry from the vat and then drain the water away. The su is made from bamboo splints woven together with silk threads. Mrs. Furuta weaves new sus to the papermakers’ specifications or repairs old ones, selecting new splints of the same diameter to match the old. Craftspeople who construct papermaker’s tools are becoming rare.

Mr. Nishimura is the premier brushmaker in Kyoto, producing numerous traditional brushes used in scroll mounting. Cabinets filled with various types of hair, gathered for natural characteristics such as flexibility or stiffness, absorbency or water repellency, are bundled and stitched in various shapes for the many tasks of scroll mounters and artists.
The Sajio Hamada family are makers of tengujo, a thin long fibered paper used by western conservators for paper mending. Grandson Hironaga (below) has taken up the craft and now produces a paper historically crumpled and used to wrap precious lacquer ware.

At the Echizen Washi Papermaking Co-operative, Ichibe Iwano (designated an Intangible Cultural Asset) makes with his family the highest quality Echizen Kozo Hosho paper for wood block printing. After cooking and rinsing the fiber, he demonstrates the use of a wooden beater to tease fibers apart without cutting them.

Echizen Papermaking Co-op has a division that produces really big paper. Teams of two work in mirrored unison to dip, shake, and couch paper onto cotton sheets. After pressing, the sheets are brushed onto huge drying boards and placed into steam cabinets to speed drying.
Marbling
Iris Nevins

I have recently met a chemist who works for a company that makes calcium carbonate for papers. He was able to shed some light on the problems that marblers are having now that it is standard to buffer with calcium carbonate. I have been wondering why my new paper of choice, Natur Text, made in Germany by Hahnemühle (which is buffered with CC) works well; whereas American commercial papers do not work and repel the color by apparently neutralizing the alum (the mordant we sponge on that in effect binds the pigments to the paper).

I am told that the difference is that in the Natur Text it is likely that they use just enough CC to buffer the paper, rendering it acid free. In the large American mills they are now using massive amounts of it because it can replace much of the paper wood pulp and be used as a filler, as it is cheaper than wood. This also makes the fibers shorter, and we have all wondered why, if we can get these papers to work at all, when we hang them to dry they have a tendency to rip down off the clothesline at the corners. Shorter fibers are the answer.

This chemist is going to compile a list of papers made commercially in the US that are less buffered, of remaining older, slightly acidic papers, and also papers that are buffered with other additives such as magnesium or titanium. Hopefully by the next issue of the Newsletter we will have this list. Meanwhile, many are switching to the Hahnemühle papers. They have also promised to inform me of any changes in the formulas and to send test sheets to see if they still marble. If they do not, they are willing to make a run of the old formula, though it may mean having to purchase the whole run, which would be several thousand sheets.

Letter from Japan
Dear Friends Abroad:
As many of you may already know, there was a terrific fire January 2005 at Jionji, the zen temple where I’ve been caretaker for more than 25 years. 15 or so years ago, I was given permission by the head temple in Kyoto to construct a small zen practice hall adjacent to the temple. This building, which I donated to the temple, has served as my paper and printmaking studio. Both buildings were lost in the fire. The only salvageable items were in the print/paper studio. Everything is under cover at a friend’s farm, and they will be looked over and decisions will be made about their condition.

At the present moment, because I know so many people care and wish to help, the most useful contribution would be donations of money. If you were here with me, I would much rather receive your time and skills, which is what I have been receiving from those who are near. Kozo bark-off will take place as planned on Feb 6th with 30 volunteers, and whatever work remains will take place on Feb 13th, at the Washi Taiken Center (former paper testing station). The Taiken Center will serve as my workspace for papermaking until a new studio can be built in a new location.

As a Jionji danka (parishoner/member), my most pressing needs are to support the construction of a new temple. (Please understand that I was the caretaker of Jionji, and it was not and is not my personal home or studio). Again, at this time the most helpful support would be purely monetary, and any amount would be greatly appreciated. For the time being, donations can be sent to Tim Barrett in the form of checks payable to him (1302 Ginter Ave., Iowa City, IA 52240). Tim will be keeping a record of contributions, and updating me on a regular basis.

In Memoriam

ARTHUR JOHNSON died in Barnet, Hertfordshire on November 18, 2004. Johnson was a leading designer bookbinder and teacher. He maintained that the decoration on a book was of secondary concern in comparison to the binder’s responsibility to preserve precious and enduring literature. Good examples of his designs are to be found in many of the major institutional libraries, such as the British Library, and in numerous private collections.

Arthur Johnson was born in London in 1920. At 15 he found employment with a Fleet Street photographic agency and spent four or five hours each day walking round London delivering photographs. After serving in the Royal Armoured Corps in WWII, Johnson studied at colleges of art in Hornsey, Hammersmith and Camberwell, and he had begun to teach bookbinding at Hammersmith. Most instructors in bookbinding, he saw, were journeymen from the best trade workshops. While he recognized and admired their achievements in forwarding and finishing, he thought their design work deplorable—"their covers were reminiscent of carpets and chocolate boxes." Feeling the need to exchange ideas with like-minded people, in 1950, the year he gained his Art Teacher’s Diploma, he became a founder member of the Hampstead Guild for Scribes and Bookbinders. Bernard Middleton was another member from this time, as were Sally Lou Smith, Elizabeth Greenhill, Edgar Mansfield, Trevor Jones, Ivor Robinson, and Philip Smith. The name was changed to the Guild of Contemporary Bookbinders, and then to Designer Bookbinders.

excerpted from an article by Anthony Rota

JOHN DEPOL, the well-known wood engraver, passed away on December 16. He was 91. His familiar woodcut images were long a considerable presence in American art. Although Mr. DePol had no formal art training and was largely self-taught, he attended night classes in lithography at the Art Students League in New York. From 1943-45, he served in the U.S. Army Air Force, and while on duty in Northern Ireland continued his lithography studies at the College of Art in Belfast. During this period, he sketched the sights and scenes of Ireland, images that would later form the basis for a series of wood engravings and a 1982 exhibition catalog, “Ireland Remembered: A GI’s Recollections.” In 1950, he became a production assistant with Lewis F. White & Co., a small commercial printing firm in New York. This new job provided the opportunity to learn all aspects of the printing business, including typography and graphic design. Throughout this period, Mr. DePol continued to develop as an artist, refining his techniques as a printmaker, especially wood engraving, in which he had been seriously engrossed since 1947.

By the mid-1950s, he began to accept independent commissions illustrating private-press booklets, separate prints, broadsides and limited edition books. In 1952, his work was chosen to appear in a series of publications by The Woodcut Society. In 1953, he began illustrating the Ben Franklin Keepsake editions for the annual New York Printing Week celebration and continued to do so for the next 30 years. He was recognized as one of the premier wood engravers and over the last several decades worked with some of the best-known fine-press printers.

Membership
As of January 1, 2005 the Guild began rollover memberships. This means that when you join (or renew), your membership will run for one year from that date. You will receive six issues of the Newsletter and any other publications printed during that year. Those who are members as of Sept 1, 2005 will appear in the 2005-6 Membership Directory. Your renewal date appears next to your name on the Newsletter label. The month you receive your last issue, you will also receive a renewal form and you will have one month to send in your renewal. This change will save the Guild the expense of sending out back issues to members who renew/join later in the GBW fiscal year (which remains July 1 to June 30). If you want to receive any publications you missed by renewing late, you can order them through the GBW treasurer. The order form appears on the GBW web page or mailed/faxed through me. As always, send any corrections-changes in membership to membership@guildofbookworkers.allmail.net or Cris Takacs, Membership Chair, 112 Park Avenue, Chardon, OH 44024. (Fax) 216-523-1113.

CALL FOR ENTRIES

3RD ANNUAL BOOKFEST is scheduled for April 8 and 9, 2005 in midtown Manhattan. Information is online at www.BookFest.com. Or call Carolyn Chadwick 845-679-6707 or Ed Hutchins 914-663-9366.

Calligraphers and artists from around the world are invited to participate in the 11th annual GRACEFUL ENVELOPE CONTEST, conducted by the Washington (DC) Calligraphers Guild under the sponsorship of the National Association of Letter Carriers. The contest is open to all ages, with two separate categories for children. This year’s theme is ANYTHING BEGINNING WITH A P. “P” is for post office, penguins, peaches and so much more … so give P’s a chance as you design an artistic envelope around anything that begins with the letter “P.” The deadline for entries is Monday, April 18, 2005. There is no entry fee. Entrants are encouraged to incorporate the theme in a creative and artistic way while using hand-executed calligraphy or fine lettering to address the envelope. Inventive relationships between the postage stamp(s) used and the envelope design are also encouraged. Complete details are at http://calligraphersguild.org/envelope.html

SOCIETY OF BOOKBINDERS INTERNATIONAL COMPETITION: Entries may be made in one of four categories—Fine Binding, Restored/Conserved Binding, The Complete Book (a section where the content of the book is also judged and can be the work of more than one craftsman) and cased bindings. The contest is open to all ages, with two separate categories for children. This year’s theme is PENDING POST. “P” is for post office, penguins, peaches and so much more … so give P’s a chance as you design an artistic envelope around anything that begins with the letter “P.” The deadline for entries is Monday, April 18, 2005. There is no entry fee. Entrants are encouraged to incorporate the theme in a creative and artistic way while using hand-executed calligraphy or fine lettering to address the envelope. SOE SOCIETY OF BOOKBINDERS INTERNATIONAL COMPETITION: Entries may be made in one of four categories—Fine Binding, Restored/Conserved Binding, The Complete Book (a section where the content of the book is also judged and can be the work of more than one craftsman) and cased bindings. The estimated prize fund is approximately 5000 pounds sterling with two top prizes of 1000 pounds (one for best binding by a Professional binder the other an amateur or Non-Professional). There are first and second prizes available in all the above categories along with prizes for forwarding, finishing, and highly commended prizes. In 2003 there were 16 prize winning binders—7 of whom came from outside the UK. Registration is required, for a form which includes all the rules and fees payable, e-mail StuBrockman@aol.com and we can send you all the relevant information. The registration deadline is March 7, 2005 with bindings due June 1. All bindings are exhibited at an exhibition at the Conference in Bath and the winning bindings are then taken on a traveling exhibition around the UK to include the Barbican Centre, London.

The Elements: Creative Energy: August 14-October 16, 2005 at The Hunterdon Museum of Art in Clinton, NJ. Western belief was that four elements: earth, water, fire and air work in concert, to create balance out of chaos. In eastern tradition there are forms of energy, or forces of nature, that interact with our whole physical, psychological and emotional balance. This exhibit asks you to explore and respond to the theme by creating an artist's book or broadside. The exhibit will be curated by Maria G. Pisano. The museum has fixed the problems with downloading the prospectus for the exhibit. For more information contact Donna Gustafson at 908-75-8415 ext17 or donna@hunterdonartmuseum.org

The Book of Origins: Entry Deadline Extended! A design binding exhibition organized by Les Amis de la Reliure d’Art with the Bibliothèque Gabrielle-Roy. The Book of Origins: A Huron creation myth collected in the 1940s by the ethnologist Marius Barbeau serves as the basis for the Livres des Origines, a poetic rewriting of the myth that André Ricard, writer and homme de théâtre, produced. The final work, produced in a luxury edition and illustrated with original lithographs by artist Carmelle Martineau, will be published as a limited, numbered edition. Out of one hundred and twenty-five copies, one hundred will be reserved for the international bookbinding competition. The goal is to work at the junction of art and myth. One of these myths, which inspires by its singularity, will serve as the figurehead for the project.

- 144 pages in 9 signatures
- Format 140mm x 216mm
- Letterpress on Super fine Mohawk paper
- Limited edition of 125 copies
- Lithographs in 5 colors by Carmelle Martineau
- Exhibition Price: $275 Canadian

Participation rules and requirements, and selected images of the book can be seen at www.aracanada.org/activities_exhibitions_en.html

Oregon College of Art & Craft Fall Schedule
MARCH 19-20: Printing on “Found” Papers (BA782) 9–4PM; $160; Studio Fee $15. Explore the lively possibilities of letterpress printing on “found” papers. After setting a small amount of type and ornaments, students will work collaboratively to print onto old book pages, wallpaper, decorative papers, and other materials supplied by Macy and participants. On the first day students will look for happy accidents that arise from type juxtaposed with the images and text on the pages. The second day is a further exploration of planned overlaps of type over images. Register by March 4. No prerequisite. Location: Calligraphy & Printmaking Studios.

MARCH 9 – APRIL 13: Papermaking Open Studio (BA885, 5 Sessions); 6-9PM; $170; Studio Fee $15. This class is designed for people who need access to a papermaking facility and want to work on their own projects. Create 2-D or 3-D artwork in paper, make cards, book pages or plain old flat sheets of handmade paper. Instructor will provide technical assistance when necessary. Equipment available: Hollander beater, hydraulic press, restraint drying system, various fibers and pigments, an assortment of moulds and deckles, Japanese sugetas, deckle boxes and vats. A phone or studio consultation will take place prior to the first class. Additional fees may be charged if excess materials are needed, based on individual needs. Register by March 2. Prerequisite: Some papermaking experience preferred. Location: Instructor’s studio in NE Portland. Helen Hiebert instructor. For more information: www.ocac.edu
